Friday 15TH October 2021 - 04.00 pm CET

Webinar

Organized by: University of Ferrara - Department of Architecture

Registration: <https://forms.gle/8ZNJw8GbbNhaL6rX9>

The Department of Architecture of the University of Ferrara and Fassa S.r.l.
have pleasure in inviting you to attend the Prize Award Ceremony of the

"International Prize for Sustainable Architecture" Fassa Bortolo

fourteenth edition

Friday 15th October 2021 - Webinar

An event by: University of Ferrara - Department of Architecture

The Fassa Bortolo International Prize for Sustainable Architecture was conceived in 2003 by Fassa S.r.l., owner of the trademark "Fassa Bortolo", and the Department of Architecture of the University of Ferrara, on the occasion of the tenth anniversary of its foundation, in order to widely promote and publicize environmentally sustainable architectural projects designed for human needs and able to meet the needs of present and future generations by limiting pollution and the indiscriminate consumption of resources.

The Prize is therefore open to new works, redevelopments, existing building expansions, urban-scale interventions, landscape design and in any other project that clearly expresses the ideals of sustainability.
